MEMORANDUM FOR RECORD

SUBJECT: Report of Physical Examination on Four Pilots

25X1C4c

By telephone conversation this date with [REDACTED] of the Staff of the Lovelace Clinic, I was informed that the following named pilots had successfully completed the physical examination administered them by the Lovelace Clinic during the week of 18-22 June. Their names are:

25X1A9a

[REDACTED]

25X1C4c

[REDACTED] reported that the four pilots were in excellent physical condition. He further noted that the left sinus of [REDACTED] was drained, and the Clinic recommended that this draining procedure be repeated at least once more within five to ten days.
